Oxitec
09042019.CLEA...

Mike,

See the attached version below. I didn't add much new information except the application date and publish date for the NOR. I moved things around and consolidated them under the different headings. Let me know if you have additional thoughts. Also, the footer at the bottom, I don't know if that is a holdover from the specific example provided or if that is something that needs to be on this document.

Thanks.

Eric,

Per our conversation, can you take a first cut at converting the Oxitec 1 pager to this format for the Administrator's book? Thanks!

Mike
